Linkedin: [in](#)

Bengaluru, Karnataka

PROFESSIONAL SUMMARY (1 year 3 months)

As an experienced full-stack web developer with a focus on MERN stack, I have developed a strong foundation in designing user-centric and scalable applications. My experience includes working on a VKYC (Virtual Know Your Customer) application for Indian banking systems and other clients, as well as collaborating with cross-functional teams to deliver high-quality projects. My skills in UI design, API integration and project management allow me to create efficient, responsive and visually appealing web applications.

PROJECTS

RODAN AND FIELDS (clone) |

A web application for e-commerce of skincare products.

Features:

- Social Sign-in/Sign-up
- Cart option
- Payment page

Tech Stack: HTML | CSS | Javascript
